Subject: Deficient Application for Transfer of Notice of Intention (Form MR-TRS), UDOT Beck Street Quarry, M/011/0003, Utah County, Utah

Dear Sirs:

On July 5, 2012, the Division of Oil, Gas and Mining received an Application for Transfer of Notice of Intention for the UDOT Beck Street Quarry from Utah Department of Transportation to Lakeview Rock Products, Inc. Before issuing approval, the Division must receive the following items:

1. A signed Reclamation Contract (Form MR-RC) (enclosed) and reclamation surety in the amount of \$374,100. Please contact the bonding coordinator, Penny Berry at (801) 538-5291 or by e mail at pennyberry@utah.gov to obtain the appropriate bond forms.
2. Replacement page 1 for the Notice of Intention to Commence Small Mining Operations (FORM MR-LMO) showing revised ownership information.

Please be aware that the reclamation surety is past due for adjustment. The Division sent an initial review letter on September 1, 2011, regarding the surety calculations and periodic plan review, but a response has not been received. The Division will need to receive a response to the review letter and will likely need to adjust the amount of the surety.

If the above information is not received within 45 days of this letter, including reclamation surety, the transfer will be denied and a new application will need to be submitted. If you have questions regarding this letter, please contact me at (801) 538-5261.

Sincerely,

Paul Baker
Minerals Program Manager
